Social skills and competences
- Teamwork: I have worked in groups of varying size on a multitude of course-related projects including a complete small-scale software engineering project. I have also completed 10 months of military service as an army arctic ranger requiring very tight teamwork and cooperation.
- Leadership: I held position as project leader in aforementioned software engineering project.
- Instructor/coach: I held the position of head instructor at the local Kendō club for five years.

Organisational skills and competences
- Held a position on the board of the Linköping Būdō club (approx 600 members) for four years.
- Was on the organizational committee for several events by and for the East Asian Association at Linköping University.
- Was for several years active in planning the social activities for new students of Japanese as well as Japanese exchange students at Linköping University.

Technical skills and competences
- I have experience in programming in a multitude of languages including Typescript, C/C++, Java, Python, GLSL, Lisp and 68k assembly language on a plethora of hardware platforms ranging from AVR micro-controllers to cluster-based supercomputers.
- Experience developing for several APIs, both closed and open, for example Node.js, React, Angular, Android, WebGL, OpenGL and Calypso (www.calypso.com).
- Experience developing for and administrating Linux, Microsoft Windows and UNIX systems.

Artistic skills and competences
- Some experience with graphics tools such as Adobe Photoshop, GiMP, Inkscape and Blender from personal use.

Driving licence I hold a Swedish (EU) drivers license for automobiles and a licence for snowmobiles and ATVs.

Additional information

Personal interests
I have a keen interest in practicing sports and engaging in other physical activities such as running, bicycling, callisthenics and winter sports such as ice-skating and skiing. I like to spend time in the mountains and can be found backcountry snowboarding in the winter and hiking when the snow has cleared. I have been known to engage in Japanese martial arts such as Kendō and Jūdō as well as more modern arts such as kickboxing. I love travelling to new places, meeting new people and expanding my view of the world. I adore gadgets and technology, always keeping on top of the latest news in the tech world. I take a keen interest in politics and social developments, both local and international.
